Fits Cured

From U. S. Journal of Medicine
Prof. W. H. Peeke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease, which he sends with a large bottle of his absolute cure, free to any sufferers who may send their P. O. and Express address. We advise any one wishing a cure to address Prof. W. H. PEEKE, F. D., 4 Cedar St., New York

LOVE'S MESSENGERS.

The rose shall be my messenger,
The herald of devotion.
Each petal sweet shall be the seat
Of tenderest emotion.
And in the heart of each fair rose,
Deep hidden in the core,
There rests my soul, my inner self,
To love but you e'ermore.

Each rose will die, each petal fade
And wither fast away.
Each freighted heart that speaks my love
Will anguish and decay.
Not so with love—my soul that's hid
Within each rose's core.
That love will breathe and speak and live
Forever, evermore.

'Twill live for you and speak to you
When roses cease to be.
'Twill breathe the rose's fragrance rare
For thee, my sweet, for thee!
Then haste, my messengers of love,
Tell her my each emotion.
Oh, petals sweet, at her dear feet
Bespeak my fond devotion.
—William Manley in New York Tribune.

A PESKY WHALE.

"There's whales an whales," said the captain suddenly. "Some of 'em is pesky critters an some ain't so pesky."

Smoke went up in clouds and there was silence.

"Reckon you've got something on your mind, cap," said the doctor.

"Oh, nothin very particular," said the captain, "but when whales was introduced it reminded me. I had old Liz up Bering sea way two years ago—old Liz was my ship, her full name bein Elizabeth J. Barker—an we'd had a pretty good season. September we put around the Horn, an as things happened didn't see another whale till we struck into the forties. Then, sir, 'long 11 o'clock one fine mornin, we doin about six knots, we raised a whale that was a whale."

"Big, I bet," said the doctor.

"No, not so terrible big," said the captain, "but pesky. I was standin about 'midships when one of the men sings out, 'Hi, cap, look at 'im blow.' Sure 'nough, half a mile off an dead abeam to starboard he was blowin. He sent up a good spout an then seemed to kinder settle himself, like he was nappin, showin a good bit of his length. I hove old Liz to, an we put over a couple of boats. Rowin in the small boat was a Dutchman named Frank. I mention him, 'cause he comes into the yarn pretty prominent. Frank was a good sailor, but one of them fellers that has dreadful little to say. He tended right to business an kept his hatch battened close. Well, as it turned out, the little boat, licked the big one an got the first whack at the whale. They put a harpoon into him just over his port fin, an down he went.

"I stood a-watching things through a glass. I waited an waited for the boat to start off in tow, but she didn't do nothin but set still, which was puzzlin. In about five minutes somethin big an black broke water 'tween us an the boat, an there was old blower not more'n 200 yards from the place he went down. He warn't up long, but enough to get his bearin's, I guess, for down he went again, an I could see the bow man gettin ready to give him all the rope he'd take. Then the boat started, slowed a bit an come dead for the ship at a 40 mile clip. I never see a boat travel so. We watched 'em, an when she got within a quarter of a mile I thinks to myself: 'This is gittin blamed interestin. I wonder is that whale goin to sheer off, or is he goin to give us a ram?' That boat, sir, traveled for us as true as a hair, an I could see the men in her gettin excited. On she came, throwin spray like a liner, and I calkilated if she held her course she'd hit us so near 'midship it wouldn't be worth measurin the difference. Then I see the man in the bow make a pass for the rope with the hatchet, but he was nervous like an missed it, for the hatchet went overboard, an he, losin his balance, along with it. The rest of the men warn't long decidin what they'd do. It was go overboard or git smashed to flinders, an when they got within 50 yards of us they all went over but Frank.

"'Jump, you idiot!' yells I. 'Do you want to git stove?' Mebbe he didn't hear, but I reckon it wouldn't made no difference, for as I'm livin, doc, that Dutchman lay himself out on his stomach in the bottom of the boat, grabbed a foot cleat with both hands an hung on for dear life. Well, old whale kept steam on. I could see the boat go down a little by the head as she got close to us, an I knew the rope was scrapin the ship's keel. We was all holding breath an waitin to see Frank splatter his brains against the ship's side, when the boat went nose down, starn up an under water with a kerchug. She missed reachin us by about five yard.

"All hands aboard ship leant over to see Frank an the splinters come up, for the boat would sure fetch again the keel an go to kindlin wood. We waited an waited an waited, but, by gum, there warn't no splinters an there warn't no Frank. All of a sidden one of the men sings out, 'By the holy poker, look!' I whipped 'round, an there, 20 fathom off our port, was the little whale boat, full of water to the gunnel, an Frank standin up in her, waist deep, holding onto a rowlock for dear life. So help me, doc, that boat was towed clean under old Liz, the Dutchman in her, an come up sound on the other side.

"Yes, sir, under the ship slick as a whistle, an the Dutchman in her. That whale was a scientist, sir. He calkilated right to lose the boat, but, bless you, it's a bigger job than any one wanted to tackle to stave that craft, an as for floatin, she was boxed at each end an couldn't sink. But that ain't the end of the story. We remembered the fellers that jumped, an we seen the big boat would pick 'em up before we could put another over, so we turned to look at Frank again. There warn't anything left in the boat to bail with, an he couldn't do nothin but wait on the pleasure of that whale. He traveled away from the ship as fast as he come at it, an he must 'a' gone a third of a mile before the boat slacked. Then we seen her slow down an come to a dead stop. 'Line bu'sted,' says I. 'Man a boat an fetch in the Dutchman.' I hadn't no more'n spoke the words when a big wave seemed to rise up near the boat an old whale blowed 30 feet high. Then he got old Liz in range. Up his tail goes, an he under water again. I could see Frank wade forrard in the boat an try to pay out line, but it was jammed, an before he could make it loose the boat give a jerk 'round, almost a-throwin him out, an come at us again. What I'm sayin is truth, doc. That boat struck another bee line for us. I suppose, more properly speakin, the whale did. Gosh! How she did come kitin! Frank quit foolin with the line an just hung on. I reckoned the boat was movin faster'n ever, only she didn't throw so much water, 'cause she set down almost to her rowlocks. We stood speechless while she was drivin for us. When she got within 100 yards the mate took a big breath an let fly.

"'Jump, you —— Dutch lubber, or you're a dead man.'

"But he didn't jump an I see him gittin ready for another dive under old Liz.

"I grabbed up a bucket, climbed on the rail an when the boat came near enough I let drive at Frank, hopin to knock him overboard if I hit him. He seen it comin, dodged an just as the boat went tail up again yelled:

"'I can't swim!'

"Down went the boat like a soundin lead, an this time we all slid over to starboard to see her come up. Seven or eight seconds passed, maybe, an then about 15 fathoms off our beam up come the boat, bottom up. 'Oh, Lord,' groaned the cook, 'he's a goner!' But he warn't. No, sir. The boat hadn't traveled 20 yard afore she righted, an we seen Frank's head bob up over the gunnel. Well, old whale didn't run so far this time, for he broke water a few hundred fathoms off. In about a minute he sent up a stream of blood. I seen that the harpoon was a good throw an he wasn't goin to fight long.

"I sent the second boat out after him, but they didn't git far 'fore down goes the whale for the third time, an in a second the little boat slewed again, an we knew he was comin at us. There warn't no way to stop the whale, so we just waited again, while the little boat made tracks for us like she was goin to ram. Just when I reckoned by the line out that the whale was passin under us there was a tremendous bang, an every mother's son was throwed flat. Old Liz rolled to starboard an then back to port an lay rockin while we got up. Reckon you guess what happened, doc. That whale miscalkilated. He laid his course fine as silk, but his elevation was off a couple of points. He didn't fetch deep enough an bit old Liz a welt tha'd like to rip the keel off her. That settled the business too. We looked over the rail an seen some bloody water, then a flipper, an soon a big, black body floated up alongside. There was our whale, sir, dead as a hunk of salt pork, with the top of his head half torn off. He was a blue whale, doc, an he measured close to 62 feet. What become of the Dutchman? Why, the boat slowed down when the whale rammed us an the other boat took him off. Hurt? No. He went to work cuttin up that whale along with the rest of 'em. I did hear afterward that he was grumblin 'cause 'twas his bucket I throwed at him an it warn't picked up. Right lively whale, warn't it, doc?"

"Right lively," repeated the doctor absently.—Minneapolis Times.

Children's Stories.

In looking over some stories written and sent by children to the young people's department of a paper some curious points were noticed. Part of the stories were wildly imaginative. The heroes of them went through experiences that out-Gullivered Gulliver. But after all their adventures the manikins always came home safely, laden with glory and trophies, to relate their valorous deeds and wonderful experiences to admiring hearers.

The child story teller loves a satisfactory ending. He has no patience for the ill contrived methods which bring the hero through one experience safely only to plunge him into another and leave him there to get out as best he may. The princes and the knight must marry and live happily ever after, enjoying the happiness attending such glorious actions before the story ends. Jack must finish all his giants and get home to supper before we leave him.

In the more humble tales of everyday life a strong point is the little author's sincere belief in the absolute working of a righteous law. The good boy invariably comes out triumphant and is rewarded with kisses and cakes. The bad boy is as surely brought to confusion. The career of the wicked youth who defies authority will not learn his lessons, quarrels with smaller boys or takes his father's gun without leave, is cut short by an opportune policeman, by the paternal switch or perhaps by a fall out of the boat or, again, by the measles. Somehow the childish author shows that, in his opinion, the law should be satisfied and the wrongdoer should suffer.

It is quite possible that these little writers have behaved badly or missed lessons occasionally themselves, but the artless confessions of their moral tales convince us that they do not do it without pricks of conscience. In the depths of their naughty little hearts they are quite sure that they deserved the fate which they so ingeniously deal out to the doughty heroes of their stories.—Philadelphia Ledger.

An Interpretation.

"I wonder," said Mrs. Cumrox thoughtfully, "what that nice, old fashioned lady means by putting 'P. P. C.' on her card."

"That means she is going away," replied her daughter.

"Oh, I see, and she wants us to know that she is going to travel in a Pullman palace car."—Washington Star.

INDEX-TRIBUNE

SONOMA, JULY 17, 1897.

H. H. GRANICE - - - - - - - - - - - - EDITOR

OPENING OF FIRST-STREET EAST.

THE matter of opening First-street East from Spain street to the Donahue Railway depot grounds will come up before the City Trustees next Wednesday evening. The opening up of this important thoroughfare has already been too long delayed and we trust for the convenience of the general public that some definite action will be taken by the Trustees at their next meeting. Of course the proposition will be opposed by the kicking element of the Board, but that does not signify anything, for as a matter of fact that element is now opposing every public improvement in sight having for its purpose the advancement of this town.

The opening up of the street in question is a public necessity. Mr. S. Schocken, who has held possession of the closed street for over a quarter of a century, stands willing and ready to turn it over to the city. All he asks is $150 to pay the cost of removing three or four frame buildings, which now occupy a site on that thoroughfare, or the Trustees can move the buildings themselves if they choose to. This is a very fair offer when one considers that in addition to giving up the land, bought in good faith many years ago, Mr. Schocken will have to go to the expense of putting up twelve hundred feet of fencing, laying down twelve hundred feet of capping and constructing twelve hundred feet of sidewalks.

A petition numerously signed by property-owners all over town has already been presented to the Trustees, praying that they open up this thoroughfare to the public. Surely $150 ought not to stand in the way of giving to Sonoma this much-needed public improvement.

REFRIGERATION CHARGES.

____, whether or not it is entirely even for the late fruits, to ship in ordinary ventilator cars to Ogden and there transfered to refrigerator cars for all points East, is a question which practical fruit men and a few weeks' experience should readily determine. But, at all events, the recently announced offer of one of the refrigerator car companies to itself bear the expense of a transfer at Ogden and carry all fruits in refrigerators from there to Missouri points and Chicago at $25 per car, plus the freight, and all points further East at $35, must open the eyes of California fruit growers.

This season, and for several years back, the fruit grower has paid for refrigeration from Sacramento, $90 per car to Chicago and $140 beyond that point. It would now appear that of the $90 rate something more than $65 is paid for the 900 miles between here and Ogden, while something less than $25 compensates the car company for the 1,200 miles beyond. Of the $140 paid for refrigeration from Sacramento to New York, $105 is apparently eaten up in the first 900 miles, while $35 satisfies the car company for 2,100 miles beyond.

The extra percentage charged by the Southern Pacific for hauling heavy refrigerator cars does not account for all of this tremendous difference. It is in order, therefore, for the refrigerator car companies to explain who it is that receives the enormous toll apparently exacted from the fruit grower for refrigeration between Sacramento and Ogden. With correction of the abuse that must lie somewhere in this charge the returns to the fruit grower would be frequently changed from loss to profit.—*Sacramento Bee.*

THE people, and especially the Road Overseers, are anxiously awaiting the decision of the Supreme Court as to the soundness of the Clark road law, passed at the last session of the Legislature. In the meantime all road work has ceased in this valley. Should the law be sustained the Supervisors will have no authority over road matters.

THE Supreme Court still has under consideration the re-hearing of the bond proposition of Murphy vs. City of San Luis Obispo. Until the learned Judges render an opinion in this case, which will probably be some time during the present month, no action can be taken by the City Trustees of Sonoma for calling an election to bond the town for a municipal water works system. The people, as water becomes scarcer and scarcer these hot summer months, are becoming impatient at the delay. They need water and need it badly, too, and what is more they are going to have it by casting an almost unanimous vote in favor of the bond proposition when it shall have been submitted to them by the City Trustees. That body stands four in favor and one against the water proposition. The voters are arrayed for and against in about the same proportion.

BUTLER, the Australian murderer, who was arrested in San Francisco and taken to Sydney, N. S. W., a few months ago for trial, was hanged last Thursday in that city. He confessed his guilt before being ushered into eternity.

Sheets and Pillows Snowy White at Hotel Ramona.

This is the most attractive announcement made by this most excellent San Francisco house, and 'tis truthful. Besides which, an air of homelike comfort, restfulness and repose is noticed by guests and visitors at the HOTEL RAMONA that is not to be found in other rooming houses. All things are so fresh, and clean, and inviting. The building, a fine six-story stone and brick structure, is new and practically fire proof, although fire-escapes are provided at each window. The entrance hall is capacious and generous; the furnishings and fittings are new, modern and of the best; the rooms are large, airy and cheerful. The beds are dreams of restful slumber, with their "*sheets and pillows snowy white.*" The location is central, convenient to business and all places of amusement, yet free from disturbing street noises. The Ramona is a modern hotel, and Mrs. Kate S. Hart, the experienced manager and motherly hostess, greets one with that *welcome* smile that makes one feel "strictly at home." The main entrance is at 130 Ellis St., between Powell and Mason, and the Ramona is quickly reached by street cars from the Ferries and R. R. stations. It is well worth a visit. Rooms are rented by the day at 50c to $1.50, and by the week or month at special rates.

COUNTY GLEANINGS.

Stephen T. Greenwell, an old resident of this county, died at Hopland July 4th, aged 68 years. He was ill but a few hours, dying of gastritis. He was at one time marshal of Cloverdale.

In the matter of the estate of the late Julius Bizzini the widow, Mrs. Kate Bizzini, has filed a petition to be appointed administratrix, the deceased having left no will. The petition shows the value of the estate to be $4,700. D. R. Gale appears as attorney for the petitioner.

Harry Burns of Petaluma was adjudged insane on Friday morning of last week and committed to the Ukiah Asylum. Drs. Smith and Sargent conducted the medical examination, which was held before Judge Burnett. The man has been an inmate of both the Stockton and Napa Asylums. His insanity is of an emotional nature.

Mrs. Elizabeth Skaggs, through her attorney, J. R. Leppo, on Friday of last week filed a petition in the office of the County Clerk asking that letters of administration be issued to her upon the estate of her late husband, Alexander Skaggs. The petition recites that the estate consists of a tract of 113 acres of land near Santa Rosa, valued at $15,000; a tract of 1,182 acres, being the Skaggs' Springs summer resort, valued at $25,000; and personal property valued at $4,000. The heirs are the widow, Wilson W. and Elizabeth S., children of deceased, Alex W. and Edward W., grandsons and children of Walter Skaggs, a deceased son.

Two Armies—the Regular and Irregular.

To which would you prefer to belong? The regular, undoubtedly. The irregulars are, admittedly, the most numerous, but they are in a very undesirable state of non-discipline. Hostetter's Stomach Bitters will soon remedy this want in a disordered liver or bowels. Biliousness manifests itself in yellowness of the skin and eyeballs, sour breath, furred tongue, morning nausea, discomfort in the vicinity of the liver, vertigo and sick headache. Hosts of people suffer thus. These signs of insubordination to the governance of health, together with an irregular condition of the bowels, are soon regulated by the Bitters, which also overcomes malaria, dyspepsia, rheumatism, neuralgia, nervousness and kidney trouble. As a means of checking premature decay, hastening convalescence, and mitigating the infirmities of age, the great tonic is without a parallel.

Everybody Says So.
Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Educate Your Bowels With Cascarets.
Candy Cathartic, cure constipation forever. 10c, 25c. If C. C. C. fail, druggists refund money.

W. H. Brush, who lived near Corona station, committed suicide by shooting himself in the right temple at half past five o'clock Wednesday morning. He had been despondent for some time on account of ill health, a wound received in the civil war giving him much trouble. He was a native of Ohio, aged 56 years, and leaves a widow and six children.

Almost Blind

Scrofula Affects the Eyes—Little Boy Treated by an Oculist Without Relief—But Now He Is Well.

"When my little boy was three months old his eyes became very sore and he was almost blind. I took him to an oculist who treated him for six months, and left him as bad as he was at the beginning. Finally Hood's Sarsaparilla was recommended and I began giving it to him. In less than three weeks he was able to go into the sun without covering his eyes, and today his eyes are perfectly well, and his ears and nose, which were badly affected, are also well. Hood's Sarsaparilla has certainly done wonders for my boy." MRS. JAMES H. PAINTER, Amador, California.

Remember **Hood's Sarsaparilla** Is the One True Blood Purifier. All druggists. $1. Six for $5. Get Hood's.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

$1000.00

All, or your share of it, if you find the missing word.

Schilling's Best tea is not only pure but it is-----?-----because it is fresh-roasted.

What is the missing word?

Get *Schilling's Best* tea at your grocer's; take out the *Yellow Ticket* (there is one in every package); send it with your guess to address below before August 31st.

One word allowed for each yellow ticket.

If only one person finds the word, he gets one thousand dollars. If several find it, the money will be divided equally among them.

Every one sending a yellow ticket will get a set of cardboard creeping babies at the end of the contest. Those sending three or more in one envelope will receive a charming 1898 calendar, no advertisement on it.

Besides this thousand dollars, we will pay $150 each to the two persons who send in the largest number of yellow tickets in one envelope between June 15 and the end of the contest—August 31st.

Cut this out. You won't see it again.

LOCAL HAPPENINGS.

BOLD THEFT.

Col. Hanks Relieved of a $700 Diamond Pin.

Col. Hanks of the law department of the Southern Pacific Company was a passenger on the north-bound Donahue train last Wednesday evening. He reached Tiburon on an early boat from San Francisco and took a seat in the Sonoma section of the cars, which are side-tracked at that place, and awaited the arrival of the 5:10 boat with passengers for Sonoma, Glen Ellen and other points north. He fell asleep and while in the arms of Morpheus a petty thief entered the car, which contained no other occupant at the time, and relieved the Col of a valuable diamond pin. The loss was not discovered until Mr. Hanks was awakened by Conductor Smith near Miller's Station. A search was made for the pin in the hopes that it might have slipped out of his scarf, but it could not be found. It then dawned upon the Col. that he had been relieved of the diamond while asleep by one of the light-fingered gentry. The gem was a "brant" and valued at $700.

Runaway and Smash-Up.

On Wednesday last Mr. and Mrs. F. W. Wade and H. Rubke had a narrow escape from serious injury. The latter's horse, which was attached to a go-cart, became frightened and ran away. Upon reaching a point at the lower end of Napa street the cart collided with a buggy, in which were seated Mr. and Mrs. Wade. Both jumped as the cart struck the buggy and escaped with a few minor bruises. Mr. Rubke was thrown from his cart and, falling on his head, was momentarily stunned, but soon recovered from his shaking up. Both vehicles were badly wrecked and the harness more or less damaged.

The Landsborough Trial.

The trial of L. M. Landsborough upon the second charge of felony, alleged to have been committed while Deputy County Clerk, was begun Monday in Department Three of the Superior Court of Sacramento county. The particular charge against Landsborough in the present proceedings is that he prepared a false claim for the payment of jury fees to Charles E. Fordenwalt to the Supervisors, which was allowed. The first trial, some time ago, resulted in the defendant's acquittal of the charge of falsely preparing and presenting the claims of John Pruett and R. D. Lauppe for jury fees.

Barn Burned.

Dense volumns of smoke were seen arising from the western side of Sonona Mountain last Tuesday afternoon about 3 o'clock. The smoke was caused by the burning of a large hay barn on the old Jerry Lafferty place. The fire communicated to the dry grass and despite the efforts of a large number of ranchers who turned out to fight the flames, fully one hundred acres of pasturage and brush lands were burned over. The land is owned by the Sonoma County Water Company, but is leased for pasturage purposes.

I. O. O. F.

District Deputy Grand Master O. H. Blank of St. Helena installed the following officers of Sonoma Lodge, No. 28, I. O. O. F., on Saturday evening last: J. G. Marcy, N. G.; Henry Castagnasso, V. G.; Jas. H. Albertson, Recording Secretary; Fred. Batto, Treasurer.

Envelope. Bldg., Ch

THE HIGH SCHOOL.

New Board Organize—Messrs. Sims and Weed Re-Elected Teachers.

At a meeting of the High School Trustees, held last Saturday afternoon, the new Board organized by re-electing Hon. Robt. Howe President and Fred'k T. Duhring Secretary.

Mrs. E. C. Tompkins was selected as Janitor *vice* Hiram Moses, resigned.

Benj. Weed and R. M. Sims were re-elected teachers, the former as Principal and the latter Vice-Principal.

On motion Secretary Duhring was authorized to ask the Board of Supervisors to set aside $2,400 for High School expenses for the coming year. One hundred dollars of this sum will be expended in improving the laboratory.

On motion of Trustee Campbell, seconded by Trustee Dowdell, an effort was made to reduce the teachers' salaries from $100 to $90 and from $90 to $80. The motion was voted down, however, and the compensation was set as follows: Principal, $100 per month; Vice-Principal, $90.

Trustees Glaister, Dowdall and Hilton were appointed an Auditing Committee by President Howe.

The Board then adjourned.

SEGRIST ESTATE.

The Administrator Commences Suit to Recover $4,000 From Peter Kiser.

When Joseph Segrist met with a violent death last summer by a hay fork penetrating his head while at work on the Peter Kiser ranch, near this place, he was known to have considerable money, the savings of many years. The administrator of the estate of deceased, Joseph Britschgi, through his attorney, R. M. Swain of Santa Rosa, has commenced suit in the Superior Court of this county against Peter Kiser to recover $4,000 of the amount, alleged to have been loaned Kiser by Segrist prior to his death. The suit promises to be a bitterly contested one.

HOME FOR FEEBLE MINDED.

To be Supplied With an Electric Light Plant—Bridge Contract Let.

Judge A. P. Overton attended the meeting at Eldridge Wednesday of the Board of Directors of the Home for Feeble Minded, says the Santa Rosa *Democrat*. The Board at that meeting outlined many improvements for the coming fiscal year.

The contract for the erection of a bridge across Sonoma Creek, with stone and masonary piers, was awarded to contractor McCann of Oakland for $1950.

Detailed plans for an electric lighting plant were adopted and bids for the same will be called for soon. The Home at present is lighted by gas, which is manufactured from gasoline. The illuminating power of the gas is not what it should be. The character of the light also makes it dangerous for use among the class of inmates at the Home.

A fast running engine is to be connected with the already large boilers used for heating the building and other purposes. A 700-light dynamo will furnish light for all the buildings on the Home tract.

Many minor improvements about the grounds and in the agricultural department are to be made during the coming summer and fall months.

Went into the Sausage—Nothing Lost in Santa Rosa.

Duval Clark, a young man who has been working in Sukalles' pork factory, says a Santa Rosa exchange, lost the tip of his finger Monday through an accident. He was operating a mincing machine and was just in the act of stuffing the meat downward into revolving knives when his hand was caught and before he knew it the tip of the third finger on his left hand was cut off. Dr. Shearer attended to the young man's hurt and had him sent home to his parents, who live in Healdsburg.

The Fruit Dryer at Vineyard.

John Batto & Son's fruit dryer at Vineyard Station, a few miles east of town, started up this week on apricots and apples. Between forty and fifty hands are employed, mostly boys and girls.

George Baer of Cloverdale had a narrow escape in trying to board a moving train at Petaluma last Saturday. His foot missed the platform steps and he came near falling under the moving wheels.

GLEN ELLEN ITEMS.

Mrs. Hansen and her pretty daughters are at Hotel Mervyn.

Sheriff Sam Allen was a welcome visitor to our berg last Wednesday.

Dr. C. C. O'Donnell gave a very pleasant party at his residence last Saturday evening.

Miss Angie Ralston and Ada Littlewood are spending their vacation at the Mervyn.

Col. Halstead was a visitor to Glen Ellen this week and his family is now registered at the Mervyn.

A party composed of twenty-five of the guests of the Mervyn Hotel enjoyed a hay ride to Sonoma last Sunday evening.

Dr. E. S. Belden and family have returned, after a years absence, to their pretty cottage in Graham Canyon.

In the civil proceedings of Read vs. Mrs. Nordin of Agua Caliente, tried in Judge Gibson's court, judgment was given the plaintiff.

A jolly crowd from the Agua Caliente Springs passed through here Sunday last on their way to Nunn's Canyon for a day's outing.

Mrs. Helen Wright has been entertaining relatives and friends the past week who came out from the East as delegates to the Christian Endeavor Convention.

Mrs. Grey, a sister of Mrs. Stratton of the California Home, is at the Mervyn Hotel for a few days. She came out from the East with the Christian Endeavorers.

The thermometer registered 107 degrees a couple of days this week. In spite of the great heat the usual outdoor vocations were pursued and no prostrations have been reported.

While returning home from Glen Ellen, with a party of horseback riders, on the night of the Fourth, Miss Kurtz had a narrow escape. The horse she was riding stumbled and fell, throwing her violently to the ground. She fortunately escaped serious injury.

Jas. Pieratt of Glen Ellen, the well-known, veterinary surgeon, recently performed a wonderful operation on a horse belonging to P. Gallard of Kenwood. The animal, which was ruptured and had been pronounced incurable, was placed under Jim's care and in three weeks was entirely cured and is to-day as sound as a dollar.

ENTERPRISE.

Glen Ellen, July 16, 1897.

Local Brevities.

Walter Johnson of Buena Vista has left for San Francisco.

Our local lawyer, Fred'k T. Duhring, transacted legal business in the Superior Court at Santa Rosa last Monday.

The close season for doves expired last Thursday. The birds are quite plentiful in this valley at the present time and we expect to record some fine bags next week.

The weather the past week has been the warmest experienced in this valley for many years. On Monday the thermometer registered 103 degrees in the shade, and ice cream and lager beer were in demand.

The Congregational Church, being closed for repairs, services will be held next Sunday in Union Hall at 11 A. M. The pastor will preach on the great Christian Endeavor Convention.

Guerneville held a water carnival yesterday. It was the first event of the kind in that place and was a decided success. Guerneville is one of the progressive towns of Sonoma county and already has a complete electric light plant.

The Union Hotel, under the able management of mine host Enke, is having a large run of commercial travelers from different parts of the United States and England. Among those whose names have appeared on the register the past week are C. H. Blank, St. Helena; H. Hansen, Oakville; Wm. Boyes, England; Mrs. J. F. Smith, Portland; Miss J. Kelly, New York; Mrs. McGraft, Chicago; J. McMinn, Santa Rosa; R. W. Bell, Santa Rosa; R. M. Sims, Sonoma; J. D. Wadsworth and daughter, Santa Rosa; Geo. Marks, Mrs. Braun and child, S. M. Emanard, J. Weil, J. Alphs, F. Durkin, J. J. Conan, W. R. Whittermord, San Francisco; Wm. McIntosch, E. Carey, C. A. Cain, R. McIntosch, M. Philbrook, Carl Begg, Harry Spencer, Tiburon.

Wine Sale.

Dresel & Co. have purchased from Ed. Goethe 4,000 gallons of Zinfandel wine. They have also bought 3,000 gallons of red wine from J. Steir. The price paid was a fair one. The sellers have been busy the past week in delivering the wine at the Dresel cellar, two miles east of town.

To Cure Constipation Forever.
Take Cascarets Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money.

PERSONAL AND SOCIAL

And Other Matters of Interest to the General Reader.

[Contributed by Marjorie Dow.]

Items of a personal and social nature are thankfully received at this office and will be edited by Marjorie Dow.

Miss Clara Tivnen came up from San Francisco last Monday evening to visit Sonoma friends. She arrived in San Francisco from Kansas with her sister, Mrs. Porter, on the 5th.

Bert Jones returned Tuesday from San Francisco, where he has been visiting relatives.

Mrs. D. Duhring, accompanied by her daughter, Miss Agnes, took Saturday's morning train for the metropolis.

Miss Julia Fuller of Modesto, Stanislaus county, is a guest at the residence of Mr. and Mrs. A. J. Van Every.

Mrs. Robert Poppe, accompanied by her little daughter Emily, took Sunday's train for San Francisco, where she is visiting relatives.

L. Litzius returned home Monday after a brief business trip to the metropolis.

L. Breitenbach returned last Tuesday from the Bay City.

Thos. Monahan of San Francisco was in town last Sunday on business.

Mr. and Mrs. J. M. Cheney drove over to Penn's Grove last Sunday, where they attended a family re-union at the home of T. H. Cheney.

Dr. C. H. Lowell and Miss Strand of San Francisco were visitors in this valley on Sunday of last week.

Mrs. H. H. Granice, accompanied by her daughter, Miss Cecilia, visited Los Gatos several days this week.

R. J. Corbet left last Thursday in his yacht "Belle" for a short cruise in San Pablo and San Francisco Bays.

Mrs. Angiolina Sanguinetti of Mokelumne Hill, Calaveras county, accompanied by her daughter, Miss Clara, has returned home after a visit of several weeks with her brother, L. Modini, proprietor of the Garibaldi House of this place.

Mrs. S. Schocken and Mrs. Hirschfeld spent several days the past week in the metropolis.

Mrs. Maggie Slavin of San Francisco is the guest of Mrs. Ellen Glynn of the Sonoma House.

Mr. and Mrs. N. G. W. Greenberg and family have been visiting friends in Healdsburg the past week.

Miss Bernice Halstead, the accomplished daughter of Robt. Halstead of the Sandwich Islands, left this morning for San Francisco, after a short visit with her friend, Mrs. A. Harrison of Glen Ellen. Miss Halstead is to be married in September to a wealthy young planter.

The home of Mr. and Mrs. J. J. Dunbar was brightened on Tuesday last by the appearance of a baby girl.

Miss Marie Snyder returned home last Wednesday after a week's sojourn in the metropolis.

Alfred Walliser has returned home after an absence of several weeks in Centerville, Alameda county, where he was the guest of friends.

Fred. Batto of Vineyard had business in the city Wednesday.

Genevieve, the little sixteen-months-old daughter of Mr. and Mrs. L. Green, is still lying very ill at the home of her parents on First-street West.

A PLEASANT PARTY.

Mr. and Mrs. Wm. McElroy entertained a party of friends and neighbors at their commodious and handsome residence, two miles south of town, on the evening of July 3rd. The grounds surrounding the house were lit up with Chinese lanterns and handsomely decorated with the national colors, which lent a charming aspect to one of the prettiest homes in all Sonoma Valley. Dancing and feasting were the order of the evening. Messrs Herbert Medley, baritone; Herman Gingg, violinist and E. Gingg, pianist, entertained the company with vocal and instrumental music of a high order. During the evening the hospitality of Mr. and Mrs. McElroy was unbounded and they did everything in their power to make it pleasant for their guests. The following were present: Mr. and Mrs. Geo. Engler, Mr. and Mrs. Philip Bill, Mr. and Mrs. John Watt, Mr. and Mrs. Jas. Campbell, Mr. and Mrs. Wm. McElroy, Mrs. Prunty, Mrs. Gingg, Misses Frieda Gingg, Eva Prunty, Claire Hope, Mabel Lowell, M. Rubke, Rue Tate, R. Wartenburg, Etta Lawler, Emma Engler, Lucinda McElroy, Edna McElroy, Messrs. Carol Prunty, Henry Gingg, James Tate, Joe Tate, Wayne Day and Masters R. Gingg and J. Watt.

Claude Burlingame was a passenger on the south bound train last Saturday.

Miss Lana Cornelius is improving after a very serious illness.

Mrs. H. H. Granice has returned from a visit to the Santa Clara Valley.

Mrs. H. V. Ramsdell and her son, Leland, are visiting in Los Angeles.

P. H. Thompson visited the County Seat on business last Monday.

Mrs. Josie Cooper and her sister, Miss Annie Dunn, visited in San Francisco several days this week.

Mrs. Stewart returned to her home in Schellville last Wednesday.

Miss Gussie Wright has returned from a pleasant visit to Stockton.

Robt. Hill visited the metropolis last Sunday.

Mr. Merriam of Schellville returned from the city Wednesday evening.

Robt. Hall took Saturday's train for the metropolis. Mr. Hall reports his wife's health much improved.

The past week has been a very pleasant one for the many guests at the home of Mr. and Mrs. A. W. Champlin, situated on the Petaluma road, and for the neighbors and intimate friends in the immediate vicinity. On Monday evening last a pleasant assembly responded to the invitations issued by Mr. and Mrs. Champlin and pleasantly wiled the time away in dancing, playing games and social converse. At midnight a delicious repast was served, after which dancing was resumed till an early hour. A jolly good crowd again accepted an invitation from Mr. and Mrs. Champlin to go an a hay ride last Wednesday evening and by eight o'clock twelve or fifteen young people took their places in a large hay wagon drawn by four horses. After visiting the Agua Caliente Springs and going in bathing a call was made on mine host Harrison of the Mervyn Hotel, Glen Ellen. The party then started on the homeward journey and after partaking of lunch on the way arrived home well pleased with the night's adventure and the hospitality of the host and hostess and their daughter, Miss Grace.

James Tate and Harvey Perkins left last Saturday for a several week's outing above Ukiah. They have a well-equipped camping outfit and are supplied with guns and ammunition. Their many friends are anxiously awaiting their return with the expectation of feasting on bear and deer meat.

Mr. and Mrs. P. Pinelli will leave for San Jose next ... where they will sojourn for a day or two, taking in the principal points of interest in the Santa Clara Valley.

R. Maury Sims and Miss Cecilia Granice will lead the cotillion which is to be given on the 30th instant.

Mrs. Brown, wife of Judge Brown of Santa Rosa, has been visiting in Sebastopol.

The fine new pipe organ, the gift of Mrs. Craig to the Congregational Church of Sonoma, is being put in place this week.

Mr. and Mrs. L. Green have rented the Engelbert-Ross cottage on Napa street.

Mr. and Mrs. F. Clewe took last Thursday's train for a brief visit to San Francisco.

Miss Lillie Gough is up from San Francisco visiting her parents near this place.

SONOMA INDEX - TRIBUNE.

H. H. GRANICE, Proprietor.

SONOMA, SATURDAY, JULY 17, 1897.

STEERING A STEAMSHIP.

"Running the Time and Distance" In Foggy Weather.

Gustav Kobbe has an article entitled "Steering Without a Compass" in St. Nicholas. Mr. Kobbe says:

The degree of A. B. is not confined to college graduates. Aboard ship it means "able bodied" seaman.

Every nautical "A. B." knows how to "box the compass" and how to steer by it, but you will be surprised to learn that no good helmsman will steer by a compass unless all other things fail him. Among those "other things" are the horizon, the wind, the wake of the ship, the stars, the soundings and the line of the surf when running along the coast. And so the ablebodied seaman, when a greenhorn takes his trick at the wheel, hands over the helm to him with this caution, "Keep your head out of the binnacle."

I am speaking of sailing vessels. Steamers, especially those that travel on regular routes, steer by compass. They "run their courses" from point to point—from lighthouse to lighthouse, lightship, day mark, buoy, bell or fog whistle. In thick weather they know, taking wind and tide into consideration, how long they should stand on each course and try never to pass the "signal" at the end of it. When they have seen or heard that signal, they start on the next "run" or course. This is called "running the time and distance." I have gone into Halifax on a steamer that met with thick fog from Cape Cod down. One morning the captain said to me:

"We ought to pick up Sambro in half an hour."

Surely enough, about half an hour later we heard, through the fog, a cannon shot, the distinguishing fog signal of the Sambro light station on the Nova Scotian coast.

Real sailors—the Jack tars that man sailing vessels—actually prefer, as I have said, to steer by signs rather than by compass, and there are times when the steamer pilots have to.

THE OPEN BOAT.

At the Mercy of the Sea—Stephen Crane Describes His Sensations.

In the meantime the oiler rowed, and then the correspondent rowed, and then the oiler rowed. Gray faced and bowed forward, they mechanically, turn by turn, plied the leaden oars. The form of the lighthouse had vanished from the southern horizon, but finally a pale star appeared, just lifting from the sea. The streaked saffron in the west passed before the all merging darkness, and the sea to the east was black. The land had vanished and was expressed only by the low and drear thunder of the surf.

"If I am going to be drowned—if I am going to be drowned—if I am going to be drowned, why, in the name of the seven mad gods who rule the sea, was I allowed to come thus far and contemplate sand and trees? Was I brought here merely to have my nose dragged away as I was about to nibble the sacred cheese of life?"

The patient captain, drooped over the water jar, was sometimes obliged to speak to the oarsman.

"Keep her head up! Keep her head up!"

"'Keep her head up,' sir," The voices were weary and low.

This was surely a quiet evening. All save the oarsman lay heavily and listlessly in the boat's bottom. As for him, his eyes were just capable of noting the tall black waves that swept forward in a most sinister silence, save for an occasional subdued growl of a crest.

The cook's head was on a thwart, and he looked without interest at the water under his nose. He was deep in other scenes. Finally he spoke. "Billie," he murmured dreamfully, "what kind of pie do you like best?"—"The Open Boat," by Stephen Crane, in Scribner's.

England and Russia.

Many believe, says Benjamin I. Wheeler in The Atlantic, that Constantinople has been systematically fortified against the English to the west, but not, at least by land, against Russia to the east. A Russian army can enter Constantinople without great difficulty. When the question of forcing the Dardanelles with an English fleet was agitated last winter, the English naval authorities estimated that of the 19 ships lying at Salonika 6 must be sacrificed to do it. The cards have been stacked for Russia. It looks today as if the ultimate occupation of Constantinople by Russia were a foregone conclusion.

What has England to say? The matter concerns her. It seemed for a time that the discovery of the route by the cape of Good Hope would provide an evasion of the eastern question and free her from the necessity of worrying about the Ægean. But the opening of the Suez canal has changed things, and, as if by jealous interposition of geographic fate, drawn the issue back to the old fighting ground in the eastern Mediterranean. If she is to hold India and Australia, England must control the Suez canal and its approaches.

An Expensive Product.

It is said that the most costly product in the world is charcoal thread. It is at present made in Paris, but by an artisan who carefully conceals himself from the public the better to guard the secret of his craft. Charcoal thread is sold at wholesale by the gramme (15½ grains) and is used for incandescent lamps. That for the 80 candle lamp costs $12,000 per pound and that for 20 candles $8,000 per pound.—New York Ledger.

With the Lights Turned Down.

"Do you notice any increase in your gas bills since your daughters are old enough to receive company, professor?"

"You have recalled something, sir, that is inexplicable to me. We regard mathematics as a fixed science, and yet it is a fact that I pay less for gas than when the entire household used to retire together. It's astounding."—Detroit Free Press.

A QUEER LITTLE ANIMAL.

The Australian Duckbill Carries a Sting In One Leg.

Australia certainly holds the palm for queer and uncouth animals, says The Literary Digest. Chief among these is the duckbill or ornithorhynchus, which Sydney Smith described as "a kind of mole with webbed feet and the bill of a duck, which agitated Sir Joseph Banks and rendered him miserable from his utter inability to decide whether it was a bird or a beast." It was only recently that it was proved beyond a doubt that this curious animal lays eggs like a bird, though this had long been reported by travelers. Now comes the news that it has a sting on its hind leg, capable of killing by its poisonous effects. We quote from The Lancet:

"For a long time it was considered to be quite harmless and destitute of any weapon of offense, although the hind legs of the males were armed with a powerful spur, apparently connected with a gland. Then the opinion was advanced that this might be a weapon allied to the poisonous armory of snakes, scorpions and bees, all of which possess a sort of hypodermic poison syringe. Though one set of observers asserted that this was the case, another set denied it, and so Dr. Stuart determined to solve this question, if possible. He received two independent accounts which coincided perfectly, and from them he concludes that, at certain seasons at all events, the secretion is virulently poisonous. The mode of attack is not by scratching, but by lateral inward movements of the hind legs. Two cases are reported in dogs. One dog was 'stung' three times, the symptoms much resembling those of bee or hornet poison. The dog was evidently in great pain and drowsy, but there were no tremors, convulsions or staggering. It is worthy of note that a certain immunity seems obtainable, for the dog suffered less on the second occasion and still less on the third. Two cases of men being wounded are reported, in both of which the animals were irritated, one by being shot and handled, the other by being handled only. The symptoms were the same as in the dog. No deaths are reported in human beings, but four in dogs."

Don't Tobacco Spit and Smoke Your Life Away.

To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. All druggists, 50c or $1. Cure guaranteed. Booklet and sample free. Address Sterling Remedy Co., Chicago or New York.

The Wonders of Science.

LUNG TROUBLE AND CONSUMPTION CAN BE CURED.

AN EMINENT NEW YORK CHEMIST AND SCIENTIST MAKES A FREE OFFER TO OUR READERS.

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of the INDEX-TRIBUNE writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertions that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial, chest and lung troubles lead to consumption, which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in the INDEX-TRIBUNE.

VICK'S ILLUSTRATED MONTHLY MAGAZINE

Ordinance No. 53.

An Ordinance calling a special election in the City of Sonoma, submitting to the qualified electors of said city at said election the proposition to incur a municipal debt aggregating Twenty-two Thousand Five Hundred Dollars for the object and purpose of acquiring, constructing and completing a permanent system of municipal waterworks, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks, and machinery for the same, and connected with the use thereof and of all other things and acts whatsoever necessary for the proper use thereof, and of the whole of said contemplated system of water works is Twenty-two Thousand Five Hundred Dollars.

The Board of Trustees of the City of Sonoma do hereby ordain as follows:

SECTION I.

Whereas, It appears to the satisfaction of the said Board of Trustees, and is by the said Board hereby determined and adjudged that the said Board of Trustees, did by ordinance duly passed by a vote of more than two-thirds of all the members of said Board of Trustees, on the seventeenth day of March, A. D. 1897, in the City of Sonoma, at a regular meeting of said Board of Trustees, then and there duly held, determine and adjudge that the public interest and necessity of the City of Sonoma, demand, and the public interest and necessity of said city do in fact demand the acquisition, construction and completion by said city of a permanent system of municipal waterworks, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, wells, tanks and machinery for the same, and connected with the use thereof, to supply said city and the inhabitants thereof with a sufficient quantity of pure, fresh water for domestic use, and for the use of the Fire Department, and for flushing sewers, sprinkling streets and other purposes; and did also in said ordinance determine, and do now determine, that the cost of the acquisition, construction and completion by said city of said system of waterworks, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks and machinery for the same, and connected with the use thereof, is too great to be paid out of the ordinary annual income and revenue of said city; that said Ordinance No. 52, so passed as aforesaid, was thereafter and on the seventeenth day of March, A. D., 1897, duly approved in writing by the Executive of said City of Sonoma, viz: by the President of the said Board of Trustees; and that said Ordinance No. 52 was thereafter in accordance with the order and direction of said Board of Trustees, by the City Clerk caused to be published, and was duly published as provided by law, for two weeks consecutively, to wit: Commencing on the 20th day of March, A. D., 1897, and ending on the 3d day of April, 1897, in THE SONOMA INDEX-TRIBUNE, a weekly newspaper of general circulation published in the said City of Sonoma, and as often as said newspaper was published during that time, to-wit: On the 20th day of March, 1897, the 27th day of March, 1897, and on the 3rd day of April, 1897, such dates being the days of publication of said newspaper; and whereas said Board of Trustees did, by resolution duly passed by the vote of more than two-thirds of all the members thereof, authorize the Committee on Water Works to secure the services of a competent engineer to assist them in their efforts, and whereas said committee did authorize, direct and employ Otto Von Geldern and C. E. Grunsky, competent civil engineers, who had theretofore had successful experience in the work of the acquisition, construction and completion of permanent systems of waterworks to make, repare and submit to said Board of Trustees plans and estimates of the cost of the acquisition, construction and completion of a permanent system of waterworks to supply said city and the inhabitants thereof with a sufficient quantity of pure, fresh water; that the said Otto Von Geldern and C. E. Grunsky did make, prepare and submit to the said Board of Trustees plans and estimates of the cost of such a system of waterworks; that the said Board of Trustees did, by resolution duly passed by a vote of more than two-thirds of the members thereof, receive, accept and approve said plans and estimates; that as shown by said plans and estimates and as is now hereby determined, the maximum cost of the acquisition, construction and completion of a permanent system of waterworks, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks and machinery for the same, and connected with the use thereof, will amount in the aggregate to Twenty-two Thousand Five Hundred Dollars; that the entire assessed value of all the real and personal property of and in said city is not in excess of three hundred and twenty-five thousand dollars; that the entire annual income and revenue of said city has hitherto been and now is the sum not to exceed Two Thousand Dollars; that there is now no outstanding, unpaid indebtedness of, or due from, said city; that the cost of the acquisition, construction and completion of said system of waterworks, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks and machinery for the same, and connected with the use thereof, is too great to be paid out of the ordinary annual income and revenue of said city, and therefore it is necessary for said city to incur a debt amounting to Twenty-two Thousand Five Hundred Dollars, and to issue bonds of said city to pay for the cost of the acquisition, construction and completion of said system of waterworks and to pay the cost of all thereof.

SECTION II.

Now, therefore, in consideration of the premises, and in pursuance of the acts, ordinances, resolutions and proceedings aforesaid, and of the laws and statutes in such cases made and provided, a special election is hereby ordered and called to be held and conducted in and for said City of Sonoma, California, at the time and in the manner hereinafter fixed, designated and described; at which special election there shall be submitted to the qualified voters of the said City of Sonoma, and there is hereby submitted to the qualified voters of said city to be voted upon at said special election as hereinafter provided, the proposition of incurring a debt amounting to Twenty-two Thousand Five Hundred Dollars by said City of Sonoma, for the acquisition, construction and completion by said city of said permanent system of water works, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks, and machinery for the same, and connected with the use thereof by the said City of Sonoma and its inhabitants.

SECTION III.

The objects and purposes for which said indebtedness is proposed to be incurred are as follows: The acquisition, construction and completion by said City of Sonoma of said permanent system of waterworks, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks and machinery for the same and connected with the use thereof as aforesaid, and to do and perform all acts and things whatsoever necessary for the construction and completion of public waterworks for the said city and its inhabitants, and for the construction and completion of said waterworks, to supply said city and the inhabitants thereof with a sufficient quantity of pure, fresh water for domestic use and for the use of the Fire Department, and for flushing sewers, sprinkling streets and other purposes.

SECTION IV.

The estimated cost of the acquisition, construction and completion by said city of said system of water works, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks, and machinery for the same, and connected with the use thereof and of all other things and acts whatsoever necessary for the proper use thereof, and of the whole of said contemplated system of water works is Twenty-two Thousand Five Hundred Dollars.

SECTION V.

That the acquisition, construction and completion of said system of water works by said city is necessary for the following reasons:

First—That said city has no water works in its possession or under its control.

Second—That the supply of water now and hitherto furnished to said city and its inhabitants is and for many years last past has been wholly insufficient for domestic use, for the use of the Fire Department, sprinkling streets, flushing sewers, and other great necessities, and is liable to give out entirely.

Third—That the water now and hitherto supplied to said city and its inhabitants by the existing water company is unsuitable for domestic use.

Fourth—That it is necessary and for the best interests of said city, and the inhabitants thereof, and the public interest and necessity demand that a sufficient supply of pure, fresh water be furnished said city and the inhabitants thereof for domestic use, sprinkling streets, flushing sewers, for the Fire Department and other great necessities.

SECTION VI.

It is hereby determined and declared that the cost of the acquisition, construction and completion by said city of said system of water works, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for supplying water, structures, acqueducts, reservoirs, wells, tanks, and machinery for the same, and connected with the use thereof is and will be too great to be paid out of the ordinary annual income and revenue of said city, and therefore it is necessary for said city to incur a debt amounting to Twenty-two Thousand Five Hundred Dollars, and to issue bonds of said city to pay for the cost of the acquisition, construction and completion of said system of waterworks and to pay the cost of all thereof.

SECTION VII.

That bonds of the city of Sonoma of the character of bonds known as "serials" to the aggregate amouft of Twenty-two Thousand Five Hundred Dollars will be issued to pay for the cost of the acquisition, construction and completion of said system of waterworks if the proposition to incur said municipal indebtedness by said city for the cost of such system of waterworks be accepted by the qualified voters of said city at said special election; and said bonds shall be issued and made payable in Gold Coin or lawful money of the United States in the manner following: One-fortieth part of the whole amount of said indebtedness so incurred shall be payable each and every year on a day in each year, and at a place to be specified therein, and to be hereafter fixed by the Board of Trustees of said city. Said indebtedness, or any unpaid portion thereof, shall bear interest, at the rate of six per cent. per annum, which interest shall be paid in semi-annual installments, payable on certain days in each year, and at a place to be specified in said bonds and to be hereafter fixed by the Board of Trustees of said city.

SECTION VIII.

Said special election hereby called as aforesaid, shall be held on Monday the twelfth day of July, 1897, and shall be held and conducted, and the votes thereat received and canvassed, and returns thereof made and the result thereof ascertained and determined as herein provided and according to the law governing such elections in the City of Sonoma; and the polls for such election shall be and remain open from sunrise of the said twelfth day of July, 1897, to the hour of five o'clock in the afternoon of said day.

SECTION IX.

Notice of the said special election shall be published for not less than two weeks prior to said day of election, and after the final publication of this ordinance as hereinafter provided, in at least one of the newspapers published in the City of Sonoma, in accordance with the terms and provisions of the statutes in such cases made and provided.

SECTION X.

The ballots which shall be used at said special election shall be of the same character and form as ballots required by law to be used at municipal elections in said City of Sonoma, except as hereinafter otherwise provided. Each of said ballots shall have printed thereon the following caption or heading, to-wit: "MUNICIPAL TICKET," and shall have printed thereon and under said caption the following words, to-wit: "Proposition for incurring an indebtedness by the City of Sonoma to the aggregate amount of Twenty-two Thousand Five Hundred Dollars for the acquisition, construction and completion by said city of a permanent system of waterworks, including all necessary lands, rights of way, water rights, distributing pipes, leases, contracts for the supplying of water, structures, acqueducts, reservoirs, wells, tanks, machinery for the same, and all other things necessary for the proper use thereof, as set forth in Ordinance No. 52 of said city." Underneath the last foregoing words upon each of said ballots shall be printed the following: "To vote for or against incurring said indebtedness stamp a cross [X] to the right of and against the answer you desire to give." Underneath which shall be printed in one line the following: "For incurring the indebtedness," to the right of which shall be printed in one square the word "Yes" with a blank square to the right thereof, and immediately below the same there shall be printed in one line the following: "For incurring the indebtedness," on the right of which there shall be printed in one square the word "No," with a blank square to the right thereof. Every voter desiring to assent to, and accept the said proposition for incurring the said indebtedess set forth herein shall in voting at said election stamp a cross (X) in the blank square to the right of the word "Yes" printed upon his ballot as aforesaid. And every voter desiring to reject the said proposition of incurring said indebtedness shall in voting at said election stamp a cross (X) in the blank square to the right of the word "No" printed upon his ballot as aforesaid.

SECTION XI.

The place of voting at said special election shall be in the building known as the City Pavilion, situated in the public Plaza in said City of Sonoma; and the officers to conduct said election are respectively defined, designated, selected and appointed as follows, to-wit: Judges, L. Litzius and A. Bulotti; Inspectors, V. Jensen and J. D. Wagnon; Ballot Clerks, Jas. H. Albertson and Peter Keil; Tally Clerks, L. Breitenbach and H. C. Lutgens. In case any of the officers above appointed to conduct said election do not attend at the opening of the polls on the morning of the election, the electors of the said city present at that hour may appoint or supply any competent person from among themselves to fill the place of such absent member thereof.

All persons qualified by law to vote at municipal elections in said city shall be qualified to vote at said special election.

XII.

As soon as the polls are finally closed at said special election, the officers of election shall canvass the votes cast at said special election for and against incurring said indebtedness hereinbefore mentioned, as nearly as practicable in the manner provided by law for canvassing votes for municipal officers at elections held in the city of Sonoma. The returns of said special election shall be made out and signed in the usual form by the said officers of election, and shall be deposited with the City Clerk of said city together with the ballots cast at said special election.

The Board of Trustees of the City of Sonoma shall, as soon as the said returns and ballots have been deposited with the said City Clerk as aforesaid, canvass the returns in the manner provided by law for canvassing the returns of elections of municipal officers in said city. If, upon the canvass of said returns as aforesaid, it shall be ascertained and determined that at least two-thirds of the qualified voters of said city voting at said special election, have voted in favor of the said proposition for incurring the said indebtedness, then bonds of the City of Sonoma, in the sum of Twenty-two Thousand Five Hundred Dollars, shall be issued by said city as by law provided, and hereafter prescribed by the said Board of Trustees of the City of Sonoma.

SECTION XIII.

Immediately upon the passage of this Ordinance by said Board of Trustees and the approval thereof by the Executive of said city, to wit: the President of the Board of Trustees, this ordinance shall be published once a week for two weeks consecutively in THE SONOMA INDEX-TRIBUNE, a weekly newspaper of general circulation printed and published in said City of Sonoma, and the City Clerk of said city is hereby ordered and directed to cause such publication of this ordinance to be made as aforesaid.

Passed this second day of June, 1897, by the following vote:

Trustee Seipp, voting aye.
Trustee Martin, voting aye.
Trustee Modini, voting aye.
Trustee Bulotti, voting aye.
Trustee Poppe, voting no.

Approved this 2nd day of June, 1897.

J. H. SEIPP,
President Board of City Trustees.

Attest:
{SEAL.} ROBERT A. POPPE,
City Clerk. 3t
